SUPPLEMENTAL EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jordan Bodner on 02/15/05.

Claim 39 should be changed to -- In a computing system, a method for receiving a command input, comprising steps of: detecting a motion of a stylus with respect to an electronic writing surface, the stylus not physically contacting the electronic writing surface during the motion; recording positional information of the stylus with respect to the electronic writing surface in a buffer; determining, responsive to the motion stopping, whether the positional information recorded in the buffer corresponds to a first motion from a plurality of predefined motions; and performing a function associated with the first motion in response to the [the] positional information corresponding to the first motion, wherein the buffer includes positional information corresponding to a starting point and an ending point, and wherein the step of determining whether positional information recorded in the buffer corresponds to the first motion is based on a relative position of the starting point with respect to the ending point.--.

Claim 41 should be changed to -- In a computing system, a method for receiving a command input, comprising steps of: detecting a motion of a stylus with respect to an electronic writing surface, the stylus not physically contacting the electronic writing surface during the motion; recording positional information of the stylus with respect to the electronic writing
